GARY JACOBSEN
District 1 Director

Board Actions JANUARY 2020

Approved the Department Production and Financial Reports.

Tri-State's Cost Containment Plan was reviewed and discussed.

Approved Director Page and Director Johnson as the NRECA delegates.

As an electric cooperative, Carbon Power & Light is guided by an elected Board of Directors who represent it's members' best interest when making important decisions. Being a Member of the Board is an incredibly important position in our community. A director's decisions will impact issues, such as service rates, rights-of-ways and work plans. This position holds great responsibility and requires men and women who understand their community's needs to serve in the best interest of the cooperative's membership.

As a Member-Owner of Carbon Power & Light, you are eligible to run for our Board of Directors.

If you would like to submit your application and letter of interest to be a candidate to the Nominating Committee or inquire about more information, please contact Russell Waldner by email at rwaldner@carbonpower.com or call 1.800.359.0249 or 307.326.5206 before April 12, 2021.

As always, if you have any suggestions or ideas please share them with us.

It is the time of year, when we start to long for those warm summer days and get a few nicer days to make us know those days are in our future. Thinking of summer, our 79th & 80th **Annual Meetings are Saturday, June 26, 2021.** If you remember, COVID stole our regularly scheduled 79th Annual Meeting. **It is the best Saturday in June, I always say.**

The 79th & 80th Annual Meetings are needed to elect board members, report to the membership, and any other business that may come before the meeting. We regularly distribute capital credit checks also.

Energy Efficiency Tip of the Month

Don't keep your refrigerator too cold. The Department of Energy recommends a temperature setting of 35 to 38 degrees for the fresh food compartment and zero degrees for the freezer.

Make sure the refrigerator doors are sealed airtight to maximize efficiency.
