DAN HODGKISS
District 1 Director

Board Actions JANUARY 2021

Approved the Department Production and Financial Reports.

Tri-State Cost Containment Plan was reviewed.

Approved Director Page and Director Johnson as the voting delegates for NRECA's Annual Meeting.

Carbon Power & Light, Inc. ~ Since 1941

79th & 80th Annual Meeting of the Membership

RUSSELL WALDNER

We have been planning for our Annual Meetings and I hope you plan now to attend the 79th and 80th Annual meetings June, 26, 2021 at the Platte Valley Community Center, 201 W Elm, Saratoga, Wyoming. Doors open for registration at 10:30 A.M.

If you all remember we had a new service rebate last year and the results of that activity were outstanding. We competed 112 new services under the program. Our average annual new services since 2010 has been 60 and the last time we were over 100 new services was 2008. This achievement was not without challenges. Our engineering team was stretched so thin they were almost whistling in the wind. Some material was very hard to come by and our crews met the challenge that comes

with scheduling to meet our Member-Owner's needs. Hats off to all Carbon Employees that helped us make this effort a great success.

Speaking of great employees, they also completed another year without a lost time accident. A run of over thirteen years. In an industry such as ours this is an outstanding achievement of the number one employee goal, Stay safe!

As always, if you have any suggestions or ideas please share them with us.

79TH & 80TH
ANNUAL MEETING
OF THE
MEMBERSHIP

JUNE 26, 2021
Platte Valley Community Center
201 W. Elm St.
Saratoga, WY
10:30 AM

BUSINESS MEETING
FOOD, PRIZES, FUN

Member-Owned Service - Proud

We are currently searching for a number of Member-Owners that had service with us for whom we've attempted to send capital credit checks to but were returned undeliverable. If you recognize anyone on this list or are the heir of their estate, please contact us. Thank you.

Energy Efficiency Tip of the Month

Some manufacturers set water heater thermostats at 140 degrees, but most households usually only require them to be set at 120 degrees.

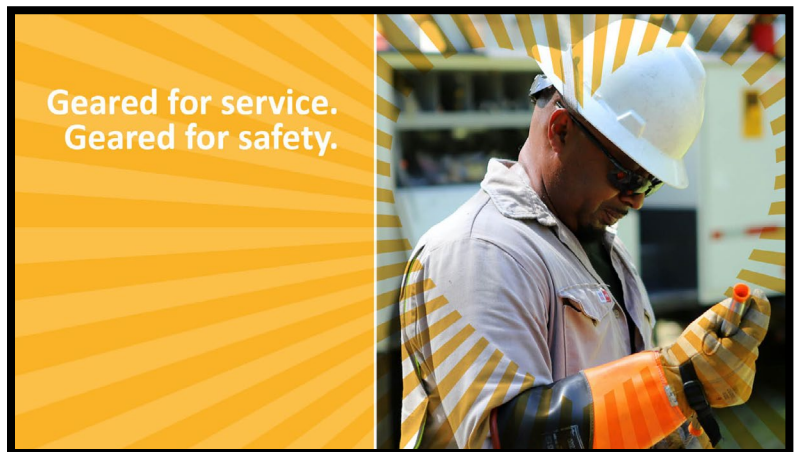

Consider lowering your water heater's temperature to save energy and slow mineral buildup in the heater and pipes.
