As always if you have comments or concerns please contact us.

As we close in on the start of a new year we are budgeting for the all that is needed to continue providing our membership reliable, safe and affordable electricity. Carbon has been doing this for 81 years and I am sure it will be a good many more.

I along with everyone here at Carbon is wishing you a Merry Christmas and a Happy New Year! We will continue to work diligently to keep the power flowing for all the purposes that our members utilize it. We hope that most of that use makes your life better! Lighting the darkness, warming the room, making a gift, feeding the hungry, producing product, and making life just a bit easier.

We hope you all enjoy this holiday season with warmth, light, comfort, friendship, fellowship, kindness, and a spirit of better things in the future.
