MEMBERSHIP

JUNE 24, 2023
Platte Valley Community Center
201 W. Elm St.
Saratoga, WY
10:30 AM

BUSINESS MEETING,
FOOD, PRIZES, FUN

Carbon Power & Light, Inc. ~ Since 1941

82nd Annual Meeting of the Membership

RUSSELL WALDNER

We have had a real winter this year and it seems it is enjoying encroaching on our spring. We have been reviewing the weather stations we use for display on the billing and are in the process of selecting the closest weather station to each meter. This should give us some better data.

The cold and wind causes usage to be higher as homes are impacted by wind chill in their loss of heat and the need for additional heat to maintain a state of comfort. I know mine has been burning through the kWh with

wild abandon. You would think they would know we have budgets with enough pressure already.

We have been planning for our annual meeting and I hope you also plan to attend. June, 24 2023 at the Platte Valley Community Center, 201 W Elm, Saratoga, Wyoming. Doors open for registration at 10:30 AM.

As always, if you have any suggestions or ideas please share them with us.

Starting the week of May 1, 2023, Carbon Power & Light will begin the 4-day work week through September 28, 2023. Hours will be Monday - Thursday 7 AM to 5:30 PM

Member-Owned Service - Proud

We are currently searching for a number of Member-Owners that had service with us for whom we've attempted to send capital credit checks to but were returned undeliverable. If you recognize anyone on this list or are the heir of their estate, please contact us. Thank you.

Energy Efficiency Tip of the Month

Do you have a home office? Set equipment like printers and scanners to automatically switch to sleep or energy-saver mode when not in use. In addition to saving energy, the equipment will stay cooler, which will help extend its life.

Another way to save in the home office is to use energy efficient lamps for task lighting. Small lamps use less energy than whole-room lighting.

Member Statistics Report	Jan 2022	Jan 2023
Financial		
Total Utility Plant	\$51,003,663	\$56,134,579
Cost of Purchase Power	\$854,578	\$880,843
